Complete aluminized exhaust systems are a perfect replacement for standard dual exhaust. All components are aluminized inside and out for long lasting beauty! Pipes are slightly polished giving a stainless steel-like appearance. These are the finest systems available anywhere. Even the welds are zinc coated. Systems are available for big block and small block engines, with or without resonators. Polished tips are also available for ‘69 and ‘70-’74 systems. Order installation kits separately.
